

# Successful Public Speaking

For in-person or on-line delivery

**Sweaty Palms? Butterflies in your stomach? Can't remember your first two sentences?**  
**Well now you never have to experience that anxiety and embarrassment again.**

A new one-day seminar that uses the foolproof methods of Dale Carnegie – the master of public speaking – to turn you from a nervous novice into a confident presenter. Dale Carnegie believed that public speaking is a skill to be learned, not an inborn trait. And he validated that belief year after year by turning out the most accomplished speakers in America.

Dale Carnegie Training® gives business people the tools to successfully build their case. We excel at empowering employees to communicate boldly before any constituency, under any conditions. We deliver critical methods and tools people can use to present compelling messages, connect confidently with any audience, and help generate new growth.

If you're tired of watching peers get ahead because they can convey their ideas convincingly; or if you're no longer content to sit on the sidelines, this seminar is for you. You know you're smart; now it's time to show it. It's time to stand and deliver. It's time to attend **Successful Public Speaking**.
